DEPARTMENT ENFORCEMENT OFFICERS
ASSOCIATION**

Silver Jubilee Celebration of AIDCOC

About AIDCOC

The **All India Drug Control officers' Confederation(AIDCOC)** was established on December 28, 1995. It was formed through the collective efforts of various state level drugs control officers' associations with the primary aim of promoting professional excellence & better co-ordination among drugs control officers across India. The confederation is also affiliated to the Indian Pharmaceutical Congress Association.

Mission and Objectives

To attain professional competence through self initiative, improved coordination among Drug Control Officers, and a greater connection with fellow pharmacist, pharmacists and regulatory officer's must be recognised as critical links in the healthcare delivery service.

The confederations strength is found in its adherence to the idea that "future belongs to those who reach out for it", it's reliance on 'collective wisdom,' and the fact that everyone's participation is a crucial part of strategy.

The confederation made an honest attempt to coordinate and synergize it's efforts with other professional associations working for advancement of the pharmacy profession, and it concentrated it's efforts on the thrust areas including publications, seminars, workshops, training programs, and redress of grievances.

About Conference

Silver Jubilee Celebration of All India Drug Control officers' Confederation(AIDCOC) scheduled to be held on 23rd November 2024 (Saturday) at Hotel Lalit Ashok, Kumar Krupa Road, High Grounds, Bangalore. This event will gather esteemed professionals & thought leaders to discuss pivotal topics in **"Protecting Public Health: Enhancing Patient Safety through consumer centric Regulations"**.
